Currently, Valley Center High School male graduates wear purple gowns while female students wear white. A change is being considered to unify the look of the graduates, focus the ceremony on academic achievements, reflect pride in our school colors, and promote a sense of community for all students. The Class of 2023 could begin a new tradition of wearing a purple gown with or without a collegiate gold stole inscribed with the graduation year and the Hornet logo as depicted in the image below. The tradition of honor cords would continue as it has for the last four years with a change in color of the cords to avoid blending into the stole.
