TO: ALL NEW CLASSIFIED EMPLOYEES

As a new employee, the following information is important to you as you begin work in the Valley Center Unified School District.

1. Initial employment shall be for a probationary period of **three (3) calendar months** (90 (ninety) days). During this time your supervisor will evaluate your work performance. At the end of this 90-day period, your supervisor may recommend that you be placed on regular status, and you will be given a \$0.30 per hour pay increase. However, if your work performance does not meet District standards, the supervisor may recommend extending your probationary period, or your employment can be terminated.
2. As a new employee, the date of your employment determines when you will receive your first paycheck.
 - a. If you begin work between the 1st day of a month and the 15th day of the month, you will receive your first paycheck on the 25th.
 - b. If you begin work between the 16th and the last day of the month, you will receive your first paycheck on the 10th of the following month.
3. The Valley Center Unified School District No. 262 has a fringe benefit program for employees that work 4 or more hours per day (20 hours per week or more) that currently allows you to purchase approved fringe benefits without paying taxes on the money used for premiums as permitted by the applicable Internal Revenue Code. The District provides a tiered system of contributions for health insurance premiums for those employees working four or more hours per day, beginning the first of the month following the date of hire. The benefits department at the District Office can be contacted to explain this fringe benefit program, and help you process the necessary forms. There will be no pressure for you to buy anything. Please remember that each staff member must sign the election form yearly even if you do not wish to participate in the program.

CLASSIFIED PERSONNEL DEFINED

District classified personnel are employees not required to hold a teaching license issued by the Kansas State Department of Education. This classification could include administrative assistants, transportation personnel, custodians, aides, grounds and maintenance personnel, food service personnel, technology personnel, nurses, bookkeepers, and others. As a condition of employment, employees agree to follow rules and regulations, which have been adopted by the board.

NOTE: Anytime the superintendent is mentioned in this manual, it is assumed that his/her designee is implied.

CLASSIFIED STAFF DEFINITIONS

All classified employees are employed on an "at-will" basis regardless of their length of service and may be terminated at any time with or without cause, at the discretion of the superintendent. The board shall be notified at its next regular meeting.

No individual will be granted full time employment who is less than eighteen (18) years of age.

Initial employment shall be for a probationary period of **three (3) calendar months** (90 (ninety) days). Following successful completion of the probationary period, the individual will be granted full regular employment status.

Full-time Classified Staff - All classified employees that are employed for twenty (20) or more hours each week are termed full-time employees and receive benefits.

Salaried Classified Staff - All classified staff members who are employed for a specific salary per year or per contract period.

HIRING CLASSIFIED PERSONNEL

However, the district reserves the right to make initial placement on a lower step if such experience is not recent. 2. Short term suspension without pay;

3. Long term suspension without pay;

Drug and alcohol counseling and rehabilitation programs are available for employees of the district. A list of available programs along with names and addresses of contact persons for the program is on file with the board clerk.

Employees are responsible for contacting the directors of the programs to determine the cost and length of the program, and for enrolling in the programs.

Other leave cannot be used to extend a holiday or vacation period. This provision may be waived only with prior approval of the Superintendent. Bus Drivers' and Bus Aides' holiday pay will be calculated at 5.5 hours per day.

Doors not equipped with electronic access control hardware are not permitted as entrances. No exterior door shall be mechanically propped open. A charge of \$20 per key will be charged back to the employee for lost keys.

Lactation Accommodations

The board recognizes that it is important for mothers to have the option and ability to express milk in the workplace and that Kansas and federal law encourages this practice. Therefore, the board directs the superintendent to take measures to ensure district employees who are nursing mothers be provided with an adequate location for the expression of milk and reasonable break times for doing so for at least one year after the birth of the employee's child.

The superintendent or the superintendent's designee shall see that the district makes a reasonable effort to provide a place, other than a restroom, which is shielded from view, free from intrusion from coworkers and the public, and may be used by the employee to express milk during this timeframe.

Employees must give their supervisor notice of the need for lactation accommodations, preferably prior to return to work following the birth of the employee's child(ren), to allow supervisors the opportunity to establish a location and to attempt to work out scheduling issues. Employees utilizing these accommodations are also responsible for maintaining the designated area by wiping utilized surfaces with disinfectant wipes after each use so the area is clean for the next user.

No employee shall be discriminated against for expressing milk during the work day, and reasonable effort will be made by the employee's supervisor to provide flexibility in the employee's work schedule in consideration of the requirements of the staff member's responsibilities and the availability of staff members to cover those duties, as necessary.

Employees shall use usual break and meal periods for expressing milk, when possible. If additional time is needed beyond the provided breaks, employees may use personal leave or may make up the time as negotiated with their supervisors. Federal law does not require the district to compensate non-exempt staff members for work time spent expressing milk.

NOTE: The location selected for this purpose should have an electrical outlet or access to electricity through the provision of extension cord(s); proximity to clean water; adequate lighting; a chair and a small table, counter, or other flat surface for the employee's use; and either a door equipped with a functional lock or a sign the employee may post on the exterior of the location advising that it is in use and not accessible.

Lump Sum Pay

A written request by nine and ten month employees for lump sum payment of checks for June, July, August, must be on file in the District Office before April 1 of the year payment is to be made. Once a request has been made, the lump sum payment will continue from year to year unless the written request is withdrawn.

The checks for employees who have requested lump sum payment will be available on June 25th or on Friday if the 25th falls on Saturday or Sunday.

Outside Employment

Classified employees shall not be excused during work times to perform outside work. Classified employees shall engage in no outside employment, which, by nature or duration, will impair the effectiveness of their assigned duties.

Overtime/Compensatory Time

There shall be no overtime worked unless approved in advance by the supervisor or the superintendent unless there is an emergency situation which represents a threat to person or property.

Overtime pay is paid for hours actually worked in excess of 40 hours per week. Paid leave (vacation, sick or holiday) shall not be considered as hours worked.

Compensatory time and overtime are not encouraged and should only be incurred after approval by the employee's immediate supervisor and the superintendent of schools and/or his designee. Pay for actual time worked over 40 hours per week will be accumulated as compensatory time at one and one-half (1-1/2) per overtime hour worked. In order to qualify as overtime, the employee must have physically worked 40 hours in the week. Any sick, discretionary, vacation, compensatory time, paid holidays, etc. are not considered hours worked per the Fair Labor Standard Act. Compensatory time as the compensation method will be mutually agreed upon by the employee and USD 262 prior to the work being performed.

No overtime, whether paid as payroll or as compensatory time, will be worked without prior approval of the immediate supervisor and the superintendent of schools and/or his designee. Employees that work overtime or additional hours without prior approval will be paid for work, but may be subject to disciplinary action. Employees may accumulate up to 60 hours (40 hours @ time and half) of compensatory time annually. All comp time must be used within the fiscal year it is earned. If an employee is absent for any reason, the comp time shall be accessed before sick leave, personal leave, or vacation is used.

Comp time is calculated and logged into Skyward True Time by the district office. Employees may view any used or unused comp time by logging into their Skyward Employee Access.

In the event that there is a separation from employment, the employee will be paid for unused compensatory time at the final regular rate of pay.

Pay Scales/ Salary Information

The pay rate for the various classified staff positions is determined by the job level of the position, the employee's education and years of experience and/or related experience. The Superintendent will determine the appropriate placement of all classified employees on the Classified Salary Schedule.

Employees will be placed on the Probationary Employee Salary Schedule (appendix J) for the first 90 days of employment. Following the recommendation for continued employment at the end of the 90 day probationary period, employees will be placed on the Classified Salary Schedule. (appendix K)

The base salary of bus drivers and bus aides will be based upon a four hour work day. This qualifies these employees for full benefits, including KPERS. Should the driver or aide's work day exceed four hours, the employee will be paid for that time during the pay period following the extra time worked.

Reports of improper deductions shall be promptly investigated. If it is determined that an improper deduction has occurred, the employee shall be promptly reimbursed for any improper deduction made.

For 12-month employees, five days will automatically be taken from the accumulated temporary leave each year plus all unused sick leave at the end of the year, until all borrowed days have been returned. Three days will be taken from full time employees who work less than 12 months. Employees who resign and have not restored all borrowed days will be docked for each day based on their daily rate of pay.

A Request for Leave will be entered on the electronic timekeeping system for all types of leave.

Employees are responsible for entering their own leave.

In the event Valley Center Schools are closed due to weather or other emergency forces, classified employees not required to come to work may use sick leave/personal (other) leave in lieu of receiving a reduction in pay.

If any of the cancelled days are later made up the employee's sick leave/personal (other) leave will be reinstated for the equal number of days made up. All employees are required to work on the make-up day(s). Any classified employee without sick
Rev. 5/15/2019

leave or personal (other) leave will receive a reduction in pay for the number of hours/days missed. Any deduction in pay will be distributed over the balance of the fiscal year, July 1 through June 30. District Office staff, custodians, maintenance workers, grounds workers, supervisors, and technology department personnel, are required to work even though classes will not be held.

If a Major Emergency is declared: By board policy, the Superintendent of Schools reserves the right to declare a major emergency, which would close all offices in the district, and only require requested staff to report for duty. This would be shared at the time of closure notification.

Solicitations

Of Employees: Unless permission is granted by the Superintendent, solicitation of employees by any vendor, student, other school district employee or patron during normal duty hours is prohibited.

By Employees: No employee may attempt, during regular duty hours, or on school property, to sell or endeavor to influence any student or school employee to buy any item or service which would directly or indirectly benefit the school employee.

No Employee will engage in sales or solicitation on behalf of the school or use the school name without the prior approval of the principal.

Staff Identification Badges

An identification badge shall be issued to each employee at the time of initial employment. Badges shall be worn when the employee is on duty, and shall be displayed between the waist and the shoulder on the outer garment or on a lanyard. If an employee comes to work without the permanent badge, a temporary badge must be obtained from the building administrator or immediate supervisor. A temporary badge must be returned at the end of that day. The loss of a permanent badge shall be immediately reported to the Technology Department which will issue a replacement badge at a cost to the employee of \$5. Badges remain the property of USD 262 and shall be returned to the Supervisor, District Office or Technology Department at the time of resignation, retirement or termination. Supervisors will turn the badge into the District Office.

Failure to wear the badge as required may subject the employee to disciplinary procedures as specified in employee handbook or the negotiated agreement, as applicable.

Substitutes

The district may employ substitutes as needed.

The District Office shall maintain a list of persons to act as substitute classified employees. Substitutes shall be paid a fee established by the board.

Supervision

The superintendent is responsible for all classified employees, but some employees may be directly supervised by building principals or other designated employees. A building principal has the responsibility to supervise all classified staff members who are assigned to the building.

Suspension

The superintendent may suspend classified personnel with or without pay until the next regular or special board meeting. An employee will be subject to immediate suspension and/or discharge if it is determined that a deliberate false statement has been made or included in the employment application, or for other reasons deemed appropriate by the administration or board.

Telephone Calls

District telephones are for school business. Use of phones for personal business should be avoided except in case of an emergency. Use of phones for social calls is not permitted. Long distance calls made in an emergency must be recorded and reported to the employee's immediate supervisor so arrangements may be made to bill the employee.

Termination

The superintendent, or assistant superintendent with the approval of the superintendent, may terminate the classified employee's employment relationship at any time, with or without cause.

The Board will act on the termination at the next regularly scheduled Board meeting.

Notwithstanding any provision to the contrary, your employment is subject to termination by the Board of Education, without further proceedings and without reference to any other law, contract, or policy, if the results of the criminal history records check required by State law reveal the employee has been convicted of any offense, or of any attempt to commit any offense, specified in K.S.A. 1999 Supp. 72-1397, and amendments thereto.

Time Clock

Each Classified employee will use the electronic time clock to "clock in" and "clock out" for all working hours. Time is recorded electronically on a weekly basis beginning on Sunday and ending Saturday. Time is verified by the supervisor on a regular basis. Time must follow Wage and Hour regulations and must reflect all actual hours/time worked. Clocking in and out or entering leave requests for another employee is strictly prohibited.

Tobacco Products on School Property

District property is to be tobacco free. The Board of Education believes that a tobacco free policy is important in establishing an appropriate learning and working environment for students, teachers, and the public. The use of tobacco products in any form, including electronic cigarettes, is prohibited at all times in or on all district real (including parking lots) or personal property (including vehicles) whether owned, leased, rented, or at any school sponsored event. An employee who violates this or any other tobacco policy shall be subject to the following disciplinary actions:

First Violation:	Written reprimand
Second Violation:	Three-day suspension without pay
Third Violation:	Non-renewal or termination from employment

Any employee who violates the terms of this or any other tobacco policy shall be subject to discipline, including, but not limited to, suspension, in accordance with district policy and Kansas law. Nothing in this policy is intended to diminish the right of the district to take any other disciplinary action, which is provided for in Kansas law or district policies.

Training Workshops/Travel Expenses

The Board shall provide reimbursement for expenses incurred in travel related to the performance and duties of the District's employees when approved in advance by the superintendent. The attendance of classified personnel in regional, state, and national meetings of various organizations shall be limited to those persons who are members of such organizations. Reimbursement for use of a private automobile driven to and from the location of a professional in- or out-of-state activity may be paid and at a rate established by the board. Mileage costs may not exceed the cost of other reasonable forms of travel.

Employees may pay all costs incurred and be reimbursed by the district if expenses are approved in advance. A travel expense record must be completed for each trip. Requests for reimbursement shall have the following attached: Receipts for transportation, parking, hotels or motels, meals and other expenses for which receipts are ordinarily available. All travel arrangements will be made through the superintendent.

With the superintendent's approval, classified personnel who wish to attend an approved meeting at their own expense may be allowed to attend the meeting without pay deduction.

When classified personnel are required to be out of town on district business, they shall be compensated in the following manner:

Regular or overtime pay (or compensatory time) as appropriate for time away from Valley Center MINUS:

1. Eight hours for sleep when overnight;
2. Reasonable time for meals (normally one hour per meal); and
3. Time used exclusively for pleasure or personal business. (GCA)

Use of School Equipment

Use of school equipment for private use is prohibited without approval from the Superintendent.

Use of Private Vehicle

With prior approval of the administration, classified employees may use their private vehicle to perform District business. To receive mileage reimbursement, the employee shall file a report showing dates, number of miles traveled and signature of the employee with the District office each month. Reimbursement shall be made following Board approval.

Any employee transporting students in his or her personal vehicle must provide proof of adequate insurance and a valid drivers license to the principal prior to transporting students.

Using Position for Gain

Any use by an employee of USD 262 of their position within the district, to gain an improper personal advantage for said employee, shall result in the dismissal of the employee from the district.

Vacations

During the first three (3) years of employment, full-time and salaried classified staff employed for twelve (12) months positions shall receive five (5) days' vacation with pay for each six (6) months period of time worked. Vacation leave may be used after working for the district for 6 months. During years four (4) through seven (7) the classified staff member will receive six (6) days' vacation with pay for each six (6) months period of time worked. During years eight (8) through nineteen (19) the classified staff member will receive eight and one-half (8.5) days' vacation with pay for each six (6) months period of time worked. Starting with the twentieth (20th) year of service, the classified employee will receive ten (10) days' vacation with pay for each six (6) months period of time worked. For these employees, five (5) of these vacation days may be used as vacation, taken as pay, or be carried over provided the maximum number of days carried over does not exceed 15 days, which is the maximum allowed Accumulated Vacation Leave.

Vacation leave not used by June 30 of each school year will either be forfeited or accumulated as set forth below.

Classified employees must use all accumulated leave before utilizing Leave Without Pay (LWOP).

Accumulated Vacation Leave: The maximum accumulation of vacation leave is ten (10) working days for those persons employed seven (7) years or less and fifteen (15) working days for those persons employed over seven (7) years. Unused vacation leave in excess of the maximum accumulation (*i.e.*, ten (10) or fifteen (15) days) of vacation

Rev. 5/15/2019

leave shall be forfeited if not used by June 30 of each year. No payment will be made for such lost leave. Such vacation time may be taken only at times approved by the immediate supervisor of the employee and by the Superintendent of Schools. Vacation shall not be unreasonably deferred to deprive the employee of vacation rights.

Classified staff in positions which require employment for less than twelve (12) months per year shall not receive paid vacation time.

Repayment of Vacation Leave: All paid vacation leave for the year is granted to employees on July 1. If an employee leaves the district, no matter the reason, and has used paid vacation days before actually earning them, their final payment from the district will be reduced by the amount owed to the district for days taken, but not actually earned.

Weapons

Employees are prohibited from carrying weapons on school property or at school-sponsored events, unless approved in advance and in writing by the superintendent.

Work Week and Overtime Pay

For the purposes of Fair Labor Standards Act (FLSA) compliance, the workweek will be 12:00 a.m. Sunday until 11:59 p.m. Saturday. No non-exempt employee shall work more than 40 hours per week without the prior written permission of the appropriate supervisor. Principals and supervisors shall monitor employees' work to ensure that the overtime provisions of Board policy and the Fair Labor Standards Act are followed. All employees shall be compensated for overtime worked, at a rate of one and a half times their normal rate of pay for any hours worked over 40 in a workweek.

Non-exempt employees whose workweek is less than 40 hours will be paid at the regular rate of pay for time worked up to 40 hours. Overtime pay will be provided only if an employee works more than 40 hours in a workweek.

GCA adopted 9/24/2007

Workers' Compensation

Job related illness or injury: Absence due to injury or illness incurred in the course of employment, and covered by Workers' Compensation, will be entitled to use the district's sick leave provisions; however, the employee will be allowed to use sick leave only in fractional amounts to supplement the Workers' Compensation benefits not to exceed 100% of the employee's regular salary.

Should the initial medical appointment occur the day of the injury/illness during normal working hours, the employee will remain "clocked in" during the appointment time for the remainder of the normal working hours. For any other workman's comp related appointments, the employee may use sick leave.

Injuries Occurring When an Employee is “Under the Influence”

The Workers' Compensation Law clearly states that compensation is not payable if the injury was caused primarily by the intoxication of the employee or by the influence of any drugs, barbiturates, or other stimulants not prescribed by a physician. Under the law, the employer may require the employee to submit to a test for the presence of any or all drugs or alcohol in his or her system. If the injured worker refuses to submit to a drug test, it shall be presumed in the absence of clear and convincing evidence to the contrary that the injury was caused primarily by the influence of drugs or alcohol.

Recreational and Social Activities

Recreational and social activities are not compensable unless such recreational or social activities are an expressly required incident of employment and produce a substantial direct benefit to the employer beyond improvement in employee health and morale that is common to all kinds of recreation and social life.

Injuries Suffered While Traveling to and From Work

An injury suffered while going to or coming from work is not an injury arising out of and in the course of employment whether or not the employer provided transportation if such means of transportation was available for the exclusive personal use by the employee, unless the employee was engaged in a special errand or mission for the employer, or access to the vehicle was an integral element of the employment. An employee who is injured while deviating from the course of his employment, including leaving the employer's premises, is generally not eligible for benefits unless such deviation is expressly approved by the employer.

Horseplay

An employee who is injured during horseplay occurring in the course of the workday is not entitled to benefits unless the injured employee is an innocent victim not participating in the activity.

EMPLOYEES' RESPONSIBILITY

1. Notify your supervisor immediately after the accident.
2. Seek medical attention at a district approved facility if necessary.
3. Deliver the doctor's form with release to return to work or work restrictions to your supervisor immediately after doctor's visit.

KN Complaints (See BCBI, GAACA, GAAB, GAAF, IF, IKD and JCE) KN

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The Assistant Superintendent, 143 S. Meridian, Valley Center, KS (316)755-7000 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990, and the Americans with Disabilities Act Amendment Act of 2008. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

KN Complaints**KN-3****Formal Complaint Procedures**

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.
- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy forwarded to the complainant no later than 30 days after the filing of the complaint.
 - ◊ If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
 - ◊ If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.
- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

KN Complaints**KN-4**

- The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board, or by the board itself as determined by the board. The request to appeal the resolution shall be made within 20 days after the date of the written resolution of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator and the investigator's report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. The appeal officer will issue a written determination of the complaint's validity and a description of its resolution within 30 days after the appeal is filed.

Use of computers is an important skill for today's technologically literate staff. Valley Center wants to open this important avenue of research to our staff while ensuring their safety. Abuse is considered major misconduct as detailed in the district handbook. The district provides a filtered internet environment to protect students, to the extent possible, from content that is obscene, pornographic, or harmful to minors.

Use of any information obtained via the Internet shall be at the user's risk. The district denies any responsibility for the accuracy or quality of information obtained through its system and is not liable for any commercial transactions conducted through its system.

F. CIPA:

The Children's Online Protection Act (CIPA), passed by the 106th Congress of the United States, requires that schools and libraries that receive specified federal funding certify that they have in place an Internet Safety Policy that includes monitoring the use of Internet access and implementation of technology that will filter out objectionable content. In order to be in compliance with CIPA, USD 262 employs Websense, an application that acts as a monitor and filter of Internet content. Websense maintains logs of all internet access. Those logs contain data that uniquely identifies user accounts attempting to access objectionable sites. All logs are monitored by the USD 262 Technology Department.

G. As a staff member, my signature means I agree to the following:

1. I waive any right to privacy in my use of the network/Internet and Electronic Mail and I consent to the access of and disclosure of my use of the Internet/network and Electronic Mail by authorized Unified School District No 262 employees.

EMPLOYEE RIGHTS UNDER THE FAMILY AND MEDICAL LEAVE ACT

THE UNITED STATES DEPARTMENT OF LABOR WAGE AND HOUR DIVISION

LEAVE ENTITLEMENTS

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child’s birth or placement);
- To care for the employee’s spouse, child, or parent who has a qualifying serious health condition;
- For the employee’s own qualifying serious health condition that makes the employee unable to perform the employee’s job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee’s spouse, child, or parent.

An eligible employee who is a covered servicemember’s spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, use of accrued paid leave while taking FMLA leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer’s normal paid leave policies.

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual’s FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

BENEFITS & PROTECTIONS

ELIGIBILITY REQUIREMENTS

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave;* and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee’s worksite.

*Special “hours of service” requirements apply to airline flight crew employees.

REQUESTING LEAVE

Generally, employees must give 30-days’ advance notice of the need for FMLA leave. If it is not possible to give 30-days’ notice, an employee must notify the employer as soon as possible and, generally, follow the employer’s usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Once an employer becomes aware that an employee’s need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

GAT Staff Use of Communication Devices (See IIBG and IIBGC)**GAT**

The board encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

Definitions

“Communication device” is defined to include all portable devices that send or receive calls or text messages, allow the retrieval of email, or provide access to the Internet. Communication devices shall include, but may not be limited to cell phones, smart phones, iPads, and tablets.

“Use/Using” for the purposes of this policy mean answering or talking on the phone; sending or responding to a text, e-mail, or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; accessing social media websites; playing games on such device; continuously checking a communication device; or any activity with a communication device that interferes with the employee’s job duties or appropriate supervision of students.

General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or otherwise interferes with district operations, as determined by the employee's

GAT Staff Use of Communication Devices**GAT-2**

supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district. Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students and the provision of academic instruction are priorities in the district, and employees who are responsible for supervising and/or providing academic instruction to students must concentrate on these tasks at all times. Employees shall not use communication devices when they are responsible for supervising students or when their doing so interrupts or interferes with classroom instruction unless any of the following conditions occurs:

- The device is being used to instruct the students being supervised at the time;
- The use is necessary to the performance of an employment-related duty;
- The employee has received specific and direct permission from a supervisor to do so; or
- There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

Use in Vehicles

Regardless of other provisions of this policy, unless there is an emergency, employees shall not use communication devices when:

- Driving district-provided vehicles;

GAT Staff Use of Communication Devices**GAT-3**

- Operating a vehicle in which a student is being transported when the transportation is provided as part of the employee's job; or
- Supervising students who are entering or exiting a vehicle, crossing thoroughfares, or are otherwise attempting to safely reach their destinations.

Even in emergency situations, employees should first take all possible safety precautions before using communication devices. Employees are subject to local, state, and federal laws governing use of cell phones while driving and will be solely responsible for all traffic violation liabilities resulting from their use of a phone while driving.

Use of District-Provided Communication Devices

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the district for any damage or theft that was the result of the employee's

GAT Staff Use of Communication Devices**GAT-4**

negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.

Personal Use of District-Provided Communication Devices

Personal use of district-provided communication devices is permissible as long as the use does not exceed the limits of the applicable plan. An employee whose use exceeds plan limitations will be required to reimburse the district for all expenses beyond those covered by the plan and may have privileges suspended or revoked unless the employee can show that all use was for employment-related duties and the device was not used for personal reasons. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount. Staff members electing to use district communication devices for personal reasons will be subject to income tax liability for such benefit.

Staff Bring Your Own Device Policy

Use of employees' personal communication devices during work hours shall be restricted to classroom or work-related activities. Such personal communication devices may only be used by the staff member and are not for student use. The security of personal computing devices is solely the responsibility of the staff member. Any loss resulting from damage or theft of personal communication devices in the school setting is not the responsibility of the district.

Inspection for Hazardous Waste

At least once per semester, the Director of Maintenance and Grounds, along with any other necessary personnel, will make inspections of all district-owned areas that may produce or store hazardous materials. Results of these inspections are to be reported on the Hazardous Waste Inspection Checklist (Appendix A). Following inspections, the checklist must be submitted to the Assistant Superintendent of Schools. The Assistant Superintendent will summarize inspection checklists and report the findings to district administrators.

Notification of Hazardous Materials/Waste

All district personnel are required to notify the Director of Maintenance and Grounds of any known hazardous materials and/or waste and the location of said materials. The Director will make note and inspect those areas during the next scheduled inspection or, if the material has recently been produced, within one week of notification of the production of the materials.

Disposal of Hazardous Materials

All district personnel are required to notify the Director of Maintenance and Grounds any time hazardous materials need to be disposed of. The Director shall be responsible for disposing the materials according to state and federal guidelines.

The Director will notify the Assistant Superintendent of Schools of the plans for disposal of the materials.

These procedures will be posted in all buildings; in all areas where such material may be produced and/or stored; and in all licensed and classified handbooks.
